

How to Register

Before you register this information may be helpful.

1. Registration gives you a permanent identity with VBI, but does not register you for any course.
2. You will incur no fees.
3. It will enable you to login whenever you re-visit VBI.
4. If you do not register some parts of the website will not open to you.
5. We will respect your privacy. The email address you provide will not be used to spam you with unwanted email. A few times a year you may be informed of important new courses, or products, or new functions added to our system.

Select the Register button

Password

 **LOGIN**

- [Lost Password?](#)
- [Forgot your username?](#)

• [No account yet?](#)

 **REGISTER**

That will open up the registration page.

Fill in the Registration Page

You will notice that your student number has been assigned automatically. We suggest you write this number down.

You will select your own password. Write that down as well.

Send Registration

An important selection is the “Partner Church” button, which opens up a drop down menu. If you do not select a Partner Church you cannot be issued with coupons by your Partner Church.

Further, the VBI leaders in the USA have determined that all users in Vineyard churches in the USA should register through one of the Partner Churches. If you want to see which churches are Partner Churches, there is a menu item on the toolbar right next to the Help menu that will provide you with that information.

When you are ready, select “Send Registration” and you will duly be registered.

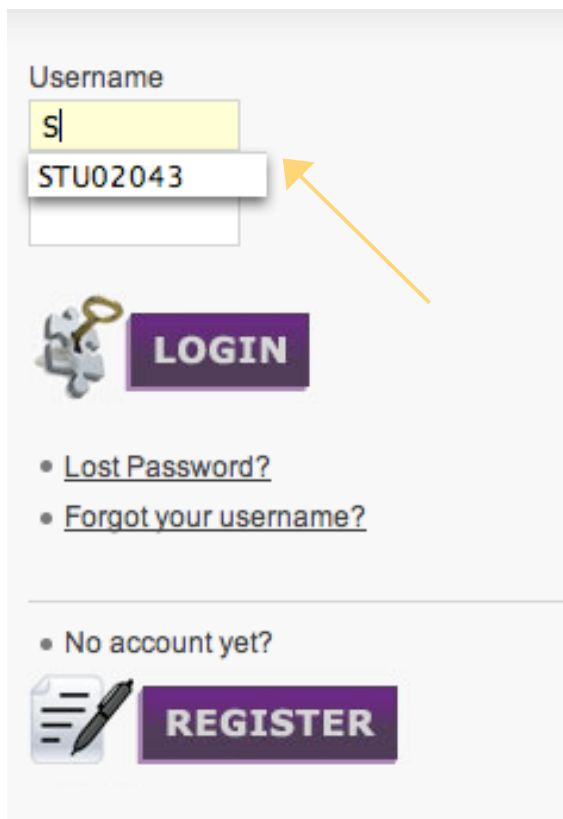

If your browser asks you if it should remember your username and password, we suggest you select “Remember.”

When you return

When you return to the VBI website, you will select “Login”.

If you select “Remember”, then when you return, all you will need to do is type in the letter “s” and your student number and password will insert automatically.

Most browsers will then automate login, so that merely by entering the website you will be logged in.

The screenshot shows a web form with the following elements:

- A label "Username" above a text input field containing the letter "s".
- A dropdown menu below the input field showing "STU02043" as the selected option. An orange arrow points to this dropdown.
- A "LOGIN" button with a key icon to its left.
- Two links: [Lost Password?](#) and [Forgot your username?](#)
- A horizontal separator line.
- A link: [No account yet?](#)
- A "REGISTER" button with a notepad and pen icon to its left.
